The care and up-keep needs of the United Methodist Children's Home on the Worthing-

ton Campus are very much like those of your home. Safety, maintenance, mowing, snow and ice removal, landscape, proper equipment, dependable transportation, among others, are essential. The difference is in the size of our property and our family!

We're blessed with a beautiful parcel of land containing 47 acres. There are residential cottages; a school, chapel, and administration buildings; Wesley Family Services; the expressive arts building; clinical offices; a dining room and other buildings.

We have a dedicated facilities manager and a hard-working staff, yet our own resources are quite limited. That's why we seek your help. Here are some of the high priority needs.

Pickup Truck

New or late model 1-1/2 ton pickup truck with factory mounted tow bars.

Passenger Van

New or late-model 12 passenger van with all safety features.

Dump Truck

New or late model 2 Ton hoist-bed dump truck.

Tractor

New or late model tractor with front loading hoist and rear PTO.

Riding Mowers

Two new or late model riding mowers with hydrostatic drive.

Bulk Mulch

Truckloads of bulk mulch for the season.

Volunteers

Organized groups of volunteers for landscaping, mowing, trimming, edging and weeding throughout the season.

More Volunteers

For painting, power washing, deep cleaning, window cleaning, blacktop repair, parking lot striping and more.

Thank you for your help!
